
Shaking up the salt and pepper: origins of cellular heterogeneity in the inner cell mass of the blastocyst.

Journal: EMBO J

Publication Year: 2014

Authors: Michael A Halbisen, Amy Ralston

PubMed link: 24469250

Funding Grants: UCSC CIRM Training Program in Systems Biology of Stem cells

Public Summary:

In this short article, we summarize a recent publication and discuss its implications in the context of the fields of stem cell and reproductive medicine.

Scientific Abstract:
